Uvodnik / Editorial

Dragi jedriličari,

Dobro došli na Cres Sailing Week! Često me pitaju po čemu je ova regata drukčija od drugih. Više je odgovora na to pitanje. Počevši od Cresa, otoka, grada, marine koji nas uvijek privlače svojom iskonskom ljepotom, netaknutom prirodom i prirodnim olakšanjem od svakog stresa. Kada jedno mjesto ugosti 1 Svjetsko prvenstvo, 2 Europska prvenstva, 1 Meditransko prvenstvo, 3 Srednjeeuropska prvenstva onda se uvjeti za jedrenje mogu opisati jednom riječju – idealni. U zadnje vrijeme kod nas je sve više regata ili manifestacija na kojima vrijedi pravilo „Važno je sudjelovati“, dok je u Cresu ipak važnije pobijediti. Regata ovdje počinje puno prije nego se izađe na more. Priprema jedrilica, posada, borba s centimetrima i sekundama, mjerenja, vaganja dio su igre, koja kulminira na moru gdje je svaka manovra važna, gdje nakon sedam „štap“ jedrenja i duge navigacije sekunda ili dvije mogu odlučiti o naslovu prvaka. Ipak, možda i najvažnija razlika regata u Cresu od ostalih regata je atmosfera koja ovdje vlada. Tjedan dana Cres postaje jedriličarsko središte Jadrana, a nakon uzbudljivih nadmetanja na moru po povratku u marinu, svi će jedriličari skupa popiti pivo, bez obzira s kojeg broda ili koje država dolaze. To je oduvijek bilo ono po čemu su jedriličari poznaju. Bez obzira koliko bili različiti, ljubav prema moru, jedrima i brodovima svima je jednaka jer ploviti se mora.

Ove godine ugošćujemo ORC Otvoreno Prvenstvo Hrvatske, ali vjerujem da svi već pomalo gledamo unaprijed prema ORC Svjetskom prvenstvu 2011. Zato će ovogodišnja regata ujedno biti i generalna proba za Svjetsko prvenstvo. Time se u Cres nakon tri godine ponovno vraća navigacijsko jedrenje, ali ovoga puta s novim kursom prema lošinjskom arhipelagu kako bi se osigurali što bolji vremenski uvjeti za 24-satnu navigaciju od oko 115 NM. Bit će to Vam to idealna prilika upoznati se s uvjetima koji se mogu očekivati na ORC Svjetskom prvenstvu 2011.

Na kraju, moram se zahvaliti svima koji su omogućili da se ova regata održi u ovakvom izdanju. Prije svega Hrvatskom jedriličarskom savezu koji nam je ukazao povjerenje organizacije Otvorenog prvenstva Hrvatske, te Offshore Racing Congressu za povjerenje u organizaciji ORC Svjetskog prvenstva 2011. Regate ne bi bilo bez Primorsko-goranske Županije, Grada Cresa, Turističke Zajednice Grada Cresa i Lučke Uprave Cres, pokrovitelja koji su nama od samih početaka na čemu im još jednom zahvaljujem, a posebno Gradonačelniku Cresa, g. Kristijanu Jurjaku kojega bi svi koji sudjelujemo u organizaciji regate ipak radije vidjeli opet kao člana regatnog odbora, ali vjerujemo da mu upravo to iskustvo bar malo pomaže u vođenju Grada.

Veliko hvala svim našim sponzorima počevši od ACI-ja, Cresanke, Turbo Sporta, North Sailsa, Ventexa, Restaura Marina pa do američkog Weather Routinga, a posebno hvala Regatnom odboru, Međunarodnom žiriju, Odboru premjerača i svima u uredu regate. Svi zajedno smo već kao jedna velika obitelj i upravo u tome je razlog uspjeha organizaciji regata u Cresu. Nadam se da ćete uživati u regati bar onoliko koliko mi uživamo biti ovdje, jer ne zaboravite “There is no stress in Cres!”

Zoran Grubiša
 Predsjednik Organizacijskog odbora

Dear sailors,

Welcome to the Cres Sailing Week! They often ask me why this regatta is different from others. There are more answers to that question. Beginning with town of Cres, island, marina that always attracts us with its original beauty, untouched nature, and natural relaxation from any stress. When one place hosts a World championship, 2 European championships, Mediterranean championship, 3 Middle-European championships conditions can only be described with one word – ideal. Lately, there's many more regattas in Croatia, which operate by the motto that 'it's important to participate', while on Cres priority still remains to win. Preparation of sailboats, crew, fight with centimeters and seconds, measurements, weighing are all parts of the game that culminates on sea where every maneuver is important and where after seven leeward/windward races and long navigation sail second or two may decide winner. Nevertheless, perhaps the biggest different between regatta on Cres and others is the atmosphere which is always present here. For a week Cres becomes sailing hub of Adriatic, and after exciting competitions on sea, after arriving in marina, all sailors can still drink beers together, regardless of what boat or state they come from. That's always what distinguished sailors by. No matter how different, love towards water, sails, and boats is always present in everyone because to sail is a must.

This year we host ORC Open Croatian championship, but we all look a little bit towards 2011. when we will host the ORC World championship. Hence, this year's regatta will be a general test for the world's championships. With it, Cres returns back to the navigational sailing, but this time with the new course towards Losinj archipelago, so that better weather conditions can be secured for 24-hour navigation that has around 115 nautical miles. It will be an ideal opportunity to experience conditions that could be expected for ORC World championships 2011.

In conclusion, I must thank all of those who made regatta possible in this edition. First thank you goes to the Croatian Sailing Federation, which has entrusted us with the organization of the Open Croatian championship, and Offshore Racing Congress for enabling us to organize next year's World championship. This regatta wouldn't happen without Primorsko-Goranska county, City of Cres, Tourist bureau of Cres and Port Authority Cres, our patrons who ware with us from the beginning, and especially to the mayor of Cres, Mr. Kristijan Jurjako who we would still prefer to see as the member of the regatta's committee, but believe that is precisely his past experience that helps him in leading the city forward.

Big thank you to all of our sponsors beginning with ACI, Cresanka, Turbo Sport, North Sails, Ventex, Marina Restaurant to American Weather Routing, and especially to regatta's committee, international jury, measurers' committee, and all of those involved in regatta's office. All together we're like one family and precisely in that lies the reason of our success organizing this regatta in Cres. I hope that you will truly enjoy regatta as much as we enjoy being here, because, don't forget, "There isn't any stress in Cres!"

Svečano otvaranje regate / *Opening ceremony tonight*

Neka jedriličarske igre počnu!

Let the sailing games begin!

Sve je spremno za otvaranje ORC Otvorenog prvenstva Hrvatske 2010. Dok će tjednom između 19. i 26. lipnja dominirati vijesti sa regatnih polja ispred Cresa, uvijek postoji vrijeme u kojem na koji način će zavjesa prvenstva biti podignuta. Za saznati detalje popicali smo s Vjekom Alilovićem koji je službeni glasnogovornik 'Creskog tjedna jedrenja' i tko nam je opisao detalje zanimljive i idijelove dijelove ceremonije otvorenja.

Dio grada Cresa po imenu Pišarjola je gdje će se odvijati otvorenje. Plan je za glazbeno zagrijavanje sa skupinom Ritmo Latino, koju će slijediti tri govornika koji će pozdraviti sudionike i javnost. Predsjednik organizacijskog odbora, gđin. Zoran Grubiša će pozdraviti prisutne u ime jednog od su-organizatora, Jedriličarskog kluba Rijeka, gđin. Neven Baran će to isto učiniti u ime Hrvatskog jedriličarskog saveza, dok će creski gradonačelnik, gđin. Kristijan Jurjako, zatvoriti izgovorenu riječ.

Everything is set for the opening of the ORC Open Croatian championship 2010. While the week of 19th through the 26th of June will be dominated by news from sailing waters off Cres, there is always time to hear how the curtain of the championship will be officially lifted. To find such details, we've talked to Vjeko Alilović who is the official spokesperson of the 'Cres Sailing Week' and who described to us the fun and festive parts of the ceremony.

Part of Cres named Pišarjola is where the opening festivities will take place. Plan has the musical warm-up by group Ritmo Latino, followed by three speakers greeting participants and general public. President of Organizing Committee of the regatta, Mr. Zoran Grubiša, will greet the public in the name of one of the co-organizers, Sailing Club of Rijeka, Mr. Neven Baran will do so on behalf of Croatian Sailing Federation, with Cres' mayor, Mr. Kristijan Jurjako, closing the spoken word.

Talented sailing youngsters, Jedretić brothers, will proceed to enter the Cres harbor, bringing with their small optimist boats official flag of the regatta to the main pier. A woman in traditional clothing from nearby village of Orlec will retrieve the flag and bring it to the pole where her and mayor Jurjako will then jointly raise it, effectively opening the ORC Open Croatian championship 2010.

The main intention of this ceremony is to unite sailors, regatta's support, and ordinary citizens of Cres. Sailors try to popularize the island while enjoying their competitive sport in terrific surroundings. Citizens, during their gracious hosting of regatta experience the piece of world and special sport. Let the sailing games begin!

Be a Part of the Team

You can also be part of our team. How?

Become a part owner of our sailing boat, which we will use to prepare for the Olympic Games. Donate 10, 20 or 50 EUR, and according to your choice, you will become a part owner of 1/3000 of the boat and your name together with all the others will be printed out on the hull of the boat. The names will be printed in SCOR colors: dark red, yellow and blue on both sides. You can choose the color and the side of the boat where you want to put your name. All of our owners will regularly receive newsletters about our future plans, racing schedule, and achievements. Everybody can donate only once. Until now we collected over 4000,00 Euros. Please help us with your donation to reach our goal of 30.000,00 Euros and Elliot 6m sailboat, and sail with us to Olympic games London 2012. If you decide to donate 50 EUR you will become an encouraging SCOR member and will receive all the invitations to the major SCOR events. We really hope that soon one of those events will be the launching of the new Elliot 6m. How can I donate? In Race Office of ORC Croatian Championship or visit our website www.teampetrakliba.org and donate online via PayPal account or American Express, MasterCard or Visa credit card. With only few clicks your name will appear on the list with all the other owners.
