ORC Svjetsko prvenstvo otvoreno je sinoć na prigodnoj svečanosti održanoj u centru grada Cresa. Otvaranju su nazočila brojna poznata imena iz javnog života, jedriličari, gosti i stanovnici Cresa, njih oko tisuću. Svečanost je otvorila ženska klapa Teha hrvatskom himnom, a zatim je dobrodošlicu poželio Marčelo Damijanjević, predsjednik Organizacijskog odbora ORC Svjetskog prvenstva i predsjednik Gradskog vijeća Grada Cresa. – Čast je dobiti organizaciju ORC Svjetskog prvenstva jer se tako veliko natjecanje ne dobija preko noći i stoga hvala svima koji su sudjelovali u pripremama za ovaj događaj, rekao je Damijanjević dodavši kako je u Cresu na djelu sinergija sporta i turizma. Okupljene su pozdravili Bruno Finzi, predsjednik ORC-a te Marijan Hanžeković, predsjednik Hrvatskog jedriličarskog saveza. Creski gradonačelnik Kristijan Jurjako dugi je niz godina na creskim regatama bio član Regatnog odbora te je upoznat koliko su organizacije jedriličarskih natjecanja zahtjevne. – Cres vas je dočekaio svojim ljepotama koje će vas privući i natjerati da se ponovno vratite. Želim svima dobar vjetar i dobre sportske rezultate, poručio je gradonačelnik Jurjako.

Zamjenica Župana Primorsko-goranske županije Nada Turina – Đurić u Cresu je bila i izaslanica predsjednika Republike Hrvatske dr. Ive Josipovića, pokrovitelja ORC Svjetskog prvenstva. – Cres i Hrvatska sada su centar svijeta što se tiče jedrenja, rekla je Nada Turina-Đurić koja je ORC Svjetsko prvenstvo proglasila otvorenim. Zastavu prvenstva uz zvuke fanfara podignuo je gradonačelnik Kristijan Jurjako, a svečanost otvaranja je zapečaćena spektakularnim vatrometom.

The ORCi World Championship was declared open last night on the Opening Ceremony in the downtown of Cres. Many celebrities, sailors, guests and Cres inhabitants – around 1000 of them were present. The ceremony was opened by the women's choir Teha with the Croatian anthem, followed by the welcome word of Marčelo Damijanjević, president of the ORCi World Championship committee and president of the city council of the Town of Cres. - It is a pleasure to receive the organisation of the ORCi World Championship, because such an event you cannot get over night and therefore I would like to thank everyone who participated in the preparations of this event, said Damijanjević, adding how here in Cres you can feel the synergy between sport and tourism. The assembled guests and sailors were greeted by Bruno Finzi, the president of the ORC, Marijan Hanžeković, the president of the Croatian Sailing Federation. The mayor of the Town of Cres Kristijan Jurjako was many years member of the regatta committee and is very well informed with the organisation of the demanding sailing events. - Cres has welcomed you with its beauties that will attract you and make you come back again. I wish everybody fair winds and good sport results, said the mayor Jurjako.

In Cres we saw also Nada Turina – Đurić, the deputy of the county prefect of the Primorsko-goranska county and the deputy ambassador of the president of the Republic of Croatia Dr. Ive Josipović, the patron of the ORCi World Championship. Cres and Croatia are now the centre of the sailing world, said Nada Turina-Đurić and declared the ORCi World Championship open. The flag of the championship was hoisted by the mayor of the town Kristijan Jurjako. Everything was crowned with a spectacular firework.

Paolo Semeraro, taktičar na jedrilici Marina Kaštela / Paolo Semeraro, tactician on the sailing boat Marina Kaštela

Sinergija za pobjedu / Synergy leads to victory

Paolo Semeraro, vrsni talijanski jedriličar, ponovno je u Cresu, ovaj puta kao taktičar na jedrilici Marina Kaštela, jednom od favorita u većoj klasi. Semeraru je ovo drugi puta da je u Cresu, prvi je puta bio prije četiri godine kada je tijekom ORC Europskog prvenstva održana i regata za klasu GP 42. Bila je to prva službena regata te klase. Tada je Semeraro upoznao uvjete u creskom akvatoriju, no kako je na brodu gdje su izuzev njega svi hrvatski jedriličari, uvjeti neće biti problem. Semeraro radi za Banks Sails i tako je došlo do suranije sa hrvatskom posadom. – Naš novi projekt je otvaranje podružnice Banks Sailsa u marini Kaštela i tako se rodila ideja o suradnji sa jedrilicom i posadom Marine Kaštela, rekao je Paolo Semeraro. Hrvatskoj posadi nedostajao je još jedan par ruku da završe regatu na vrhu, tako da je suradnja brzo dogovorena. Uz taktiku Semeraro će se baviti i glavnim jedrom. - Puno ovisi o meteorološkim uvjetima, hoće li prvenstvo biti za male ili velike brodove. Ako bude za velike naši su konkurenti Calypso i Aniene, mišljenja je Paolo Semeraro koji je u Cres stigao sa prvenstva Italije za X-41 na kojem je pobjedio, a iza sebe ima naslov prvaka Italije u klasi X-35, nekoliko naslova svjetskog prvaka te dva nastupa na Olimpijskim igrama u Seulu i Los Angelesu te na America's Cupu 1985.godine.

Paolo Semeraro, a top Italian sailor, is again in Cres, this time as a tactician on the sailing boat Marina Kaštela, one of the favourite boats in the bigger class. It is a second time for Semeraro in Cres, he was here four years ago during the ORC European Championship and the GP42 regatta. That was the first official race for the GP42 class. It was then that Semeraro got to know the sailing conditions in Cres, but as on board there are only Croatian sailors, he is not concerned about the local conditions knowledge. Semeraro is working for the Bank Sails and that is how the cooperation with the Croatian crew came about. - Our new project is a branch of the Banks Sails in the Marina Kaštela and this is how we started our cooperation, said Paolo Semeraro. The Croatian crew missed that little thing in order to reach the top, therefore we confirmed the cooperation very quickly. Beside tactics Semeraro will also trim the mainsail. - It depends a lot about the sailing conditions we will have, will the weather favour the small or the big boats. If it will be the weather of the big boats than we will fight with Calypso and Aniene, said Paolo Semeraro who came to Cres as the winner of the Italian X-41 Championship. He has won the X-35 Italian Championship, has many world titles and participated at two Olympic Games in Los Angeles and Seoul, as well as America's Cup in 1985.

Očekivanja prije početka / Expectations before the start

Enrico Zennaro,
kormilar, MAN (Grand Soleil 42R05), CN Pescara,
Italija / helmsman, MAN (Grand Soleil 42R05),
CN Pescara, Italia

Već sam četvrti put u Cresu, tako da se već mogu smatrati stručnjakom. Očekujemo vrh poretka, ali danas ćemo kada počne vidjeti gdje smo. Veliki je raspon brodova u našoj grupi, a mi smo najmanji brod u toj velikoj grupi, tako da će biti teško jedriti, ali vjerujemo u sebe. Dugo smo zajedno, dobro se poznajemo, tu su Tommaso Chieffi koji je taktičar, Sandro Montefusco na glavnom jedru te Lorenzo Massa.

I am here already for the fourth time, therefore I can be considered as an expert. We expect the top, but today when we finally start the worlds we will see where we are. There is a big range of boats in our group and we are the smallest boat in that group, therefore it will not be easy to sail regarding the tactics, but we believe in us. We sail for a long time together, we know each other very well, we have Tommaso Chieffi as tactician, Sandro Montefusco on the main and Lorenzo Massa.

Mate Arapov,
kormilar, Marina Kaštela (Grand Soleil 56R), JK

Cilj postoji, a to je vrh. Brod to može, sve smo pripremili, ali u zadnji čas, tako da još nismo isprobali. No, po računicama, to bi trebalo biti to. Što se posade tiče, dobra je, ali nismo puno vremena proveli zajedno. Bit ćemo sve bolji i bolji kako regata bude odmicala. U Ateni nas je jedna kriva odluka koštala postolja, sada mislim da bi ga

trebali dohvatiti. Sve ovisi samo o nama.

We have an aim and this is the top. The boat is capable of it, we have prepared everything, but we worked until the last moment, therefore it is not tested yet. But regarding our calculations everything should be ok. We have a good crew, but we have not spend a lot of time together. We will improve our skills as the days will go on. In Athens one wrong decision took away the medal from us, but on this world championship it should be reachable. It all depends on us.

Karlo Kuret,
kormilar, All 4 One (Salona 42), JK Labud Split,
Hrvatska / helmsman, All 4 One (Salona 42), JK
Labud Split, Croatia

Nemamo velikih i nerealnih ambicija. Ako budemo jedrili 90, 95 posto kao do sada rezultat neće izostati. Konkurencija je izuzetna u našoj klasi, ali ne sviđa mi se takav raspon brodova u velikoj klasi, neke brodove je nemoguće uspoređivati. U maloj klasi su svi unutar četiri stope i oni će imati sjajnu regatu.

We do not have great and unreachable expectations. If we keep our performance at 90-95% as until now,

we will reach a great result. The competitors from our group are great, but I do not like such a big range of boats in our group, because some boats you just cannot compare. In the smaller class you have all the boats inside 4 boat lengths and they will have a great regatta.

Nismo došli samo jedriti. Prošle godine nam se jabol polomio, tako da želimo ove godine završiti regatu i napraviti rezultat. Posada je optimizirana, zadovoljni smo sa pripremanjima, biti će to puno ozbiljnija igra jer je i konkurencija jača nego prošle godine.

We are here not only for sailing. Last year we broke our mast, but this year we went to sail until the end and make a good result. We have an optimist crew,

we are satisfied with the preparations, it will be a serious regatta with serious competitors, much stronger than the last year.

Posada je izvrsna i očekujem dobra jedrenja, a na kraju ćemo vidjeti koliko smo bili dobri. Želja nam je plasman u gornjem dijelu, ali ima još kvalitetnih brodova u posada koje to žele. Atmosfera u posadi je super i vjerujem da ćemo biti dobri na regatnom polju.

The crew is excellent and I expect great sailing, at the end we will see how good we really are. We would

like a result in the upper part, but there are many good boats and crews that have the same wish. The atmosphere in our crew is great, so I believe we will do great sailing on the racing area.

Nadamo se da ćemo odraditi dobra jedrenja jer sam vidio da ima puno konkurenata i to će nama biti podstrek da budemo bolji. Istina ne poznajem puno posada, ali one koje znam te su vrlo agresivne.

I hope we will sail well as I have seen there are many good competitors, but this is our challenge to do better. It is true, I do not know many crews, but those I know I am aware they can be very aggressive

Očekujem sjajna jedrenja na prekrasnom mjestu. U Cresu će na Svjetskom prvenstvu biti sve najbolje od jedriličarskog svijeta. Jedrimo zajedno već nekoliko godina na ovoj jedrilici tako da smo uigrani i dobro se poznajemo.

Francesco Siculiana, I expect great regattas on a marvellous spot in the world. In Cres, competing on the ORCi World Championship, we will find only the

best from the sailor's world. We are sailing this boat together for many years, we are a very well trained team and know each other very well.
